Trustee Henry moved that the Board demand of the Pacific Telephone & Telegraph Company that it take prompt steps to restore the telephone service in Glendale to a satisfactory condition, and that all rate payers be allowed a rebate for the time their telephone service was cut off or impaired during the month of June, 1919, which motion was adopted, all voting yes.

The president of the Board appointed for members of the Library Board, T. W. Preston in place of W. W. McElroy, term expired, and Mrs. Flora M. Temple, in place of J. W. Henderson, term expired, and, on motion of Trustee Woodberry, these appointments were confirmed.

The city manager presented draft of a contract with W. S. Althouse for services as consulting engineer in connection with street improvement work, which was referred to Trustee Shaw, in the absence of the city attorney, for redrafting.

On motion of Trustee Henry, a leave of absence for two weeks was granted to Trustee Woodberry.

Trustee Shaw presented Resolution No. 1078 (Fixing Salaries) and moved its adoption, which motion was adopted.

Trustee Shaw moved that \$2300 be transferred as a loan from the Insurance Reserve Fund to Public Service Fund, which was carried.

The city manager presented a report from Dr. Clarence H. Griffin on the objectionable matter appearing in the water pipes, which was ordered filed.

Trustee Woodberry moved the City Manager be instructed to carry out the recommendations of Dr. Griffin for temporary relief, by removing the growth mentioned, removing obstructions to flow of water, cleaning out reservoirs and flushing pipes. The motion carried.

The next regular meeting of the Board will be held Thursday evening, July 10, 1919.

### IS ENJOYING SISTER'S VISIT

Mrs. Wm. S. Porter of 923 North Brand is rejoicing over the arrival of her sister, Mrs. R. X. Basford, of San Francisco, to spend the remainder of the summer with her. Mrs. Basford lived in Canton, Ohio, for many years, but when her husband's business took him to western states, she accompanied him. He died while they were living in Seattle and she soon afterward moved to San Francisco. Mrs. Porter hopes to induce her to stay in Glendale the remainder of her days.

### CLANCY-GOUDIE

QUIET WEDDING AT HOLY FAMILY CATHOLIC CHURCH FOLLOWED BY RECEPTION

A very pretty but quiet wedding was solemnized Monday evening at the Holy Family Catholic Church when Miss Rosanna Maurice Clancy of Eagle Rock and Robert Charles Goudie, Jr., of this city, were joined in the holy bonds of matrimony by Rev. James S. O'Neill, the only attendants being the sister of the bride, Miss Anna Clancy and Robert Charles Goudie, Sr., father of the groom.

The bride carried a bouquet of pink and white sweet peas and maidenhair fern. After the ceremony a reception was held at the home of the bride's father, Thomas L. Clancy, 119 Harvard Drive, Eagle Rock, where a wedding supper was served, the remainder of the evening being given to dancing.

Many handsome and useful gifts were received by Mr. and Mrs. Goudie and the house was beautifully decorated with flowers according to a pink and green color scheme.

Those present were R. C. Goudie, Sr., and wife, M. Barrymore and wife, Geo. Jones and wife, Misses Clara Marie and Grace Goudie, Thelma Sheets and Anna Clancy, also Julian Ames, Frank Budway and Bernard Gunion, of Glendale; John Pickett and wife, Mrs. Compson and daughter Bettie, David Hanson and Paul Haygood of Hollywood; Jack Goudie and wife of Los Angeles.

The youthful bride and groom, whose ages are seventeen and twenty, respectively, are both popular among the younger set and both at one time attended Glendale Union High School. They will make their home in Glendale.

### SIERRA BEVERAGES

THE HENRY-BROWNE COMPANY NOW MANUFACTURING IN NEW PLANT ON WILSON AND ISABEL

The Henry-Browne Company, manufacturers of the Sierra Beverages, is moving into its new plant on Wilson avenue and Isabel street. Since they became the owners of the building six months or more ago, it has been quite transformed and when all the machinery with which they propose to equip it is installed and perfectly adjusted, it will be without a rival on this continent from the standpoint of sanitary conditions, though, of course, not the largest of its kind. This is due to their determination to be in a position to absolutely guarantee the purity of their goods and lay the only sure foundation on which to build the trade they expect to have and which is already coming their way although they have been compelled to turn down large orders on account of the delays they have suffered in getting equipment for their new plant.

As now arranged the process is almost automatic from the manufacture of the syrup to the moment when the trolley conveys the sealed and labeled bottles to the point where they are placed in waiting crates.

### INSPECT PAVEMENT

The following gentlemen, officials of the City of San Bernardino, together with E. R. Werdin and B. B. Brecht, of Los Angeles, also Howard McCurdy, City Engineer at Vernon, have visited the offices of the City Manager and City Engineer of Glendale within the week gathering data and information relative to the newly-laid paving on East Broadway: Messrs. William Starkey, Supt. Water Dept., San Bernardino; Wm. H. Adkins, City Council, San Bernardino; C. A. Rouse, City Council, San Bernardino; Geo. Segars, City Council, San Bernardino; W. L. Brown, City Engineer, San Bernardino; W. H. Adair, San Bernardino; Charles McElvaine, Street Supt., San Bernardino; E. R. Werdin, Los Angeles; B. B. Brecht, Los Angeles; Howard McCurdy, City Engineer, Vernon.

### SURPRISE VISIT TO L. W. BABCOCK BY OLD FRIENDS

L. W. Babcock and family of 413 North Jackson were agreeably surprised, Monday, by a visit from old friends they had known in La Junta, Colo., Ben Wilson and wife. They are stopping in Long Beach, but are spending considerable time viewing the beauties of California. Mr. Wilson was county treasurer of Otero county, of which La Junta is the capital, but is now in the real estate business. He and his wife are delighted with the Southland, and Mr. Babcock is of the opinion that they are not averse to locating somewhere in this land of sunshine and flowers. Naturally he would prefer to secure these old friends as neighbors in beautiful Glendale. We are sure they would be heartily welcomed to our city.

### MCDONALD-ANDERSON WEDDING

A quiet wedding was performed in the Lutheran church on last Sunday afternoon at 1:30 by Rev. Mottern, pastor of the church. The beautiful ring service was used. The contracting parties were Lester McDonald of Phoenix, Arizona, and Juanita Anderson, of Los Angeles. The best man was C. J. Garcia, of Los Angeles, cousin of the bride, and the maid of honor was Mrs. C. J. Garcia, also of Los Angeles. The bride wore a black taffeta silk coat-suit and a wreath of orange blossoms about her rich black hair, she carried a beautiful bouquet of roses. The maid of honor wore a rich gray silk dress and carried also a bouquet of handsome flowers. After spending a month of honeymoon circulating among friends in and around Los Angeles, Mr. and Mrs. McDonald will make their home in Phoenix, where the groom is engaged in business.

### BOND ISSUE CARRIED BY HEAVY VOTE

Owing to the fact that the returns of yesterday's bond election were sent directly to Los Angeles, no figures of the vote in Glendale are available. But the bonds carried by a very large majority in a very small vote, probably more than 10 to 1. In the precinct 6 polling place, 111 East Lomita avenue, there were 46 votes cast and all were in favor of the bond issue.

WEATHER FORECAST—Fair except cloudy or foggy tonight and in the early morning near the coast.

SOUTHERN CALIFORNIA VOTE 10 TO 1—TEN MILLIONS TO BE SPENT IN THIS PART OF THE STATE

(Special Service to Glendale Evening News)

LOS ANGELES, July 2.—Returns received thus far show that California voted the highway bonds seven to one. The Southern California vote was heavier than that of the north, being ten to one, and in some counties the margin was even larger.

State Highway Commissioner Darlington declared that work under the bond issue will begin as quickly as possible. He stated that a total of ten millions will be spent in Ventura, Los Angeles, Orange, San Bernardino, Riverside, Imperial and San Diego counties. Work on the Imperial Valley highway, he said, will begin in the fall.

### TELEGRAPHERS' STRIKE CALLED OFF

UNION NOT STRONG ENOUGH TO FIGHT BOTH THE GOVERNMENT AND THE COMPANIES

(Special Service to Glendale Evening News)

CHICAGO, July 2.—President Koenekamp of the International Commercial Telegraphers' Union issued a statement at noon that the nation-wide commercial telegraphers' strike would be called off this afternoon. This action will be taken, he said, "because we are not strong enough to fight the government as well as the companies." He declared that Postmaster General Burleson had marshalled "government agencies to fight against the workers and that his party must stand the blame." He said Burleson had permitted the companies to send telegrams by mail and concluded with the declaration that the Union is not beaten and that the fight will be continued "along legitimate Union lines." The strike started June 11th.

### HONOR DEAD FRATER

KNIGHTS TEMPLAR PERFORM LAST RITES OVER BODY OF SIR KNIGHT CHAS. W. KIMBERLY

Tuesday afternoon Glendale Knights Templar were again called together to perform the last sad offices for one of their number, Sir Knight Charles Wallace Kimberly. The service took place at 2 o'clock in the Commandery in the presence of relatives and friends of the dead Knight and his widow and with a wealth of floral tributes surrounding the casket to testify to the esteem in which he was held.

At the head of the bier stood Commander Crofton and Prelate Von Oven and at the foot Senior and Junior Wardens Sir Knights Moyses and Redd. Others gathered with them were Recorder Rittenhouse, Sir Knight Nicholson and Past Commanders Peckham, Moore and Jones. Other members of the Commandery remained seated in a body in the center of the room and joined in the responsive service, which was conducted for the most part by the Commander and the Prelate. At the proper time the Recorder read the brief biography of the Knight as follows: Charles Wallace Kimberly was born in Ohio in 1857. He was the son of Anson E. and Rachel Kimberly; was educated in Springdale, Iowa, and on August 25, 1910, was married to Carlotta Saunders in Los Angeles. He was raised a Master Mason at Lodge 144 in Crookston, Minnesota, and received the Order of Knighthood and of Malta at Unity Lodge, Glendale, in 1916. He was also a member of the Eastern Star.

The following eloquent tribute and address to the deceased Knight was paid by Sir Knight C. L. Peckham, a Past Commander:

"I feel deeply honored in having been chosen by our Commandery to publicly express the esteem and love in which Sir Knight Kimberly was held by his fraters. The beautiful flowers that loving hands have placed in such abundance about his mortal remains are only in a measure significant."

### MUNICIPAL EMPLOYMENT BUREAU

Glendale citizens who need help, particularly in the line of drivers of trucks or automobiles, are requested to leave their names at the Municipal Employment Bureau which is being maintained at the city hall, where several applications for work of that kind and other jobs are on file. The young woman who has charge of the department says if Glendaleans will co-operate with her she can help many a needy, returned soldier and at the same time be accommodating persons greatly in need of labor.

There is also a great call for domestic help of all kinds and women who can wash or clean or cook or sew are urged to register with her. The city is trying to do its part to bring employers and the unemployed together and it is to the interest of all citizens to co-operate and spread the information in regard to this agency.

### HENDRICKS DRY GOODS BUSINESS SOLD

R. L. Hendricks has sold his dry goods business to Emus Brothers of Los Angeles. The deal is now in escrow and the new firm will be prepared to announce its business plans next week. Mr. Hendricks will enjoy a few months' rest and endeavor to regain his health.

### THE MORE SANITARY METHOD

The City of Redondo is very successfully taking care of her sewerage by means of septic tanks. It would, indeed, seem strange that a city located on the ocean, as is Redondo, would not empty sewerage into the ocean, but such is not the case. She has adopted the sanitary method of disposing of sewerage.

### O. W. TARR SELLS BUSINESS

O. W. Tarr has sold his Tire Store & White Supply Station to Wm. Hooper, who was formerly a salesman for the Nash Agency. Mr. Tarr will devote his time for the next few months to building a new home.

### SENT EIGHT DELEGATES TO C. E. CONVENTION

The Tropic Presbyterian Christian Endeavor Society sent the following delegates to the big convention in Long Beach: Miss Carol Duncan, president; Rev. O. P. Rider and wife, Misses Lois Duncan, Leta and Nancy St. Clair and Ida Wilbur, and Paul Rider.

### AN ACQUISITION

MRS. CALVIN WHITING SECURED AS CHOIR LEADER BY CHRISTIAN CHURCH

For several months the Music Committee of Central Christian Church have been endeavoring to find a choir director who would bring the church music up to the proper place it should occupy in the services. Some very fine young men from the Bible Institute were tried, but their not being residents of Glendale and therefore easy of access on special occasions, made this plan inconvenient. Therefore, the chairman of the Music Committee, Mrs. F. W. Pigg, considered herself fortunate in securing the services of Mrs. Calvin Whiting, a musician of marked ability, who taught for years and directed choirs in Chicago, and has taught with marked success in Glendale, since removing here a few years ago. Mrs. Whiting possesses the faculty of gauging correctly each person's musical talent and then bringing this out to the full. The first practice of the choir under the new leader will be held this evening in the church building, immediately after the missionary meeting, which takes the place of prayer meeting this evening only. From 8:30 to 9:30 each Wednesday evening is the hour set for choir practice. It is hoped that all the singers will be present.

### FAMILY PARTY

Monday evening Mrs. Ella Richardson entertained at her home, 525 South Central avenue, with a family party in honor of Misses Cora Louise, Virginia, Jane and Mary Elizabeth Butterfield and their aunt, Mrs. Cameron Johnston, on the eve of their departure Tuesday for the east. A six o'clock supper, at which covers were laid for about twenty, was served on the porch and was followed by a social evening. Other guests present were Mrs. Shives Mitchell and infant son, Mr. and Mrs. Will C. Richardson, Mr. and Mrs. Omar S. Richardson, Misses Jane, Grace and Gertrude Richardson, John, Paul and Alexander Richardson, Dr. Sutherst and Miss Edith Sutherst. When the good-byes were said the hostess presented each of the Misses Butterfield with a gold pin as a token of love from their Aunt Ella.

### THE CHRISTIAN ENDEAVOR CONVENTION

Four thousand eight hundred delegates had registered and paid the registration fee at the Christian Endeavor Convention at Long Beach up to last evening. With many going down to spend the last day, the number will no doubt go over 5,000, the largest delegation of Endeavorers in the history of any state in the Union. Dr. Reign Scoville, evangelist, of the Christian Church, gave the address last evening, after the delegates had raised nearly \$7,000 for the work in California during the coming year. Rev. Cole, Rev. W. E. Edmonds both took down parties of young people yesterday.

The Convention will close this (Wednesday) evening. Fresno and San Jose are both eager contestants for the gathering next year.

An unusually large number of the Glendale District Christian Endeavorers are in attendance together with their friends.

The motto of the Convention is "The Conquering Christ."

### D. ELLSWORTH HEALD LANDS AT NEW YORK

W. E. Heald and wife of 308 East Lomita avenue were greatly overjoyed yesterday by the receipt of a telegram from their son, D. Ellsworth Heald, stating that he had landed in New York June 27th and was then at Camp Mills. He will doubtless be at home in a few days now. He was a wagoner, and came direct from Coblenz, Germany. He had been in foreign service for a year.

GLENDALE, CALIFORNIA, WEDNESDAY, JULY 2, 1919

## SAWTELLE'S ANNEXATION EXPERIENCES

In April, 1917, the city of Sawtelle numbering about 3500 population, was annexed to Los Angeles by a vote of 519 to 516. Since that date the question of whether Sawtelle was legally annexed to her big sister city has been in the courts and is still there. After eight months' litigation the Los Angeles city officers, including a dozen armed policemen, went to Sawtelle in the early hours of the morning, broke into the city hall and carried away the safe and all books of record. The safe was drilled into and opened, the sum of \$125 being found in cash. The city treasurer of Sawtelle had very wisely deposited \$8000 in the local bank prior to the visitation of the Los Angeles officials. Citizens of Sawtelle claim that the annexation election was illegal on the grounds that on the ballot there was nothing stated about the thirty-four million dollars of indebtedness that the newly annexed territory would be required to assume.

A few days ago steps were taken to bring the refractory citizens of Sawtelle to time by the water company, which is a stock company, shutting off the water supply. In this condition of drought Los Angeles city officials made a proposition to Sawtelle that for \$60,000 they would lay temporary water pipes to supply the city's needs with water and later by assuming a bonded indebtedness of \$300,000 they would complete the system, all of this to be done on condition that the suit previously brought against the city of Los Angeles for conducting an illegal election be dismissed. But the liberty-loving people of Sawtelle objected to this method of procedure and made application to the Santa Monica Water Company for water. Soon pipes were laid and connections made from Santa Monica reservoirs and now Sawtelle has sufficient water to serve her needs during the hot months. Venice promises to come to the rescue of Sawtelle, also.

The citizens of Sawtelle claim that promises made by Los Angeles before annexation have not been made good except perhaps in the instance of giving fat jobs to a few of the annexation leaders. The car fare is now higher than it was before annexation. Sawtelle with the aid of citizens from neighboring municipalities, has employed able attorneys to make a fight in the courts to get free from the city of Los Angeles.

## IMPERIAL WAKES UP

A new issue of supreme importance now comes up demanding immediate attention.

Those who have built the institutions of California in city and country did not do so to make a new province for Japan.

And yet the fact is that here and elsewhere Americans are being elbowed out of the way to make places for the Asiatics.

Let conditions drift as they are now drifting and in another decade Japan will have Imperial valley and a large part of the state wholly in its grasp.

Day after day the Japs are flocking over the border from Mexico and finding places in this valley, where they are safe from molestation because there is no way to reach them by law, and from here they scatter over the state and are taking other places, threatening to destroy all of California as a desirable place for Americans to live.

And what do we propose to do about it?

Do we not know that when the Japs have acquired all the farm lands and the city industries of the state, as they are now doing, and shall increase until they number hundreds of thousands, practically

every one of them a trained soldier, they will not simply have overcome the laboring man and the capitalist alike, wrecking the American home life wherever they colonize, but will be a constant menace to the peace between this nation and Japan?

Senators Phelan and Johnson are doing good work in calling the attention of the country to this menace, though it is doubtful if their words will be given heed elsewhere than on this coast. But if we who are face to face with the danger do not now protect our soil and our homes the situation will be bad, indeed.

Senator Phelan truthfully says of the situation: "They are buying oil leases in Mexico. They are buying great tracts of land. They are part and parcel of the Carranza machine. And some day the Mexican problem and the Japanese problem will be one and the same."

But while Senator Phelan is advocating a national policy that might precipitate war, it is possible for California to adopt a policy that carries none of the menace of war, but which would give a complete solution of the problem. The policy is the one which has been outlined on several occasions in these columns: Placing a limitation on the percentage of population of any alien race in any political subdivision of the state.

It is possible that in a few localities this regulation might affect other alien races, but, if so, it would affect them for their own good if their purpose is to become Americans, and America does not care to be colonized by any race that does not intend to become American.

In Imperial valley the Brawley district is inundated by Japs, and Calexico, Heber and Westmorland are rapidly passing into the same state.

Some of our greatest industries in the valley are already wholly in the hands of these aliens, and the growth of those industries means nothing to the Americans who have sought to make this a region of homes for Americans.—The El Centro Zanjero.

The chairman of the Los Angeles city Water Commission is busy preparing his budget for the ensuing year and he finds on account of increased cost of material and labor it will be necessary to raise the water rate which of course, according to an ordinance, cannot legally be done until next April.

Mr. and Mrs. J. W. Henderson, Mr. and Mrs. J. R. Turner and J. E. Turner spent the week-end at Avalon. One of the party reports that there was no feeding of the fishes and that no fish were caught except one hooked by Mr. Henderson, which was discovered to be blind.

## STATE NEWS

(By United Press)

CORNING, Cal., July 2.—This section is harvesting one of the greatest crops of apricots in its history, and the price assures the growers fair profit on their year's crop. A splendid crop of almonds is freely predicted, while the peaches, oranges, lemons and olives and prunes are showing up a prospect for an abundant year. The grain crop now being harvested while of good quality, is not quite normal, owing to a heavy north wind which threshed out so much of it just at the time when harvesters should have been in the field.

BOISE, Idaho, July 2.—The first encampment of World War Veterans of Idaho will be held here for three days beginning tomorrow. Parades, fireworks, entertainments and meetings will take up the time of the delegates who are arriving here to form the Idaho section of the organization.

SAN FRANCISCO, July 2.—If you are planning to move the family into Mexico in order to be free from Gandarism, Sheppardism, bevoism and other "dry" tendencies, change your plans. In the first place, the "fount of good spirits" is not to be found in the republic to our south, according to E. J. Maloney, sales manager of the Pacific Brewing Company (near-beer), who has just returned here from below the border. Maloney made the trip for the purpose of seeing what possibilities there are in Mexico for establishing a brewery. Beer, declares Maloney, sells for 25 cents a glass, and in case of an influx of dry Americans, this price will be doubled. Although the Pacific Brewery offered Governor Cantu \$6 on every barrel of beer they would be permitted to brew, they were refused the concession. Another brewing company, backed by Americans, gained the franchise by offering Cantu 50 per cent. of their stock, according to Maloney. The company is moving all its machinery from Santa Cruz, Cal., to Mexicali and the plant will be in operation within 90 days. It is to cost \$75,000, and will employ 35 men. Mexicali, with its population of 10,000, has 25 saloons, none of which are doing any too lively business right now. The liveliest place in the city is the "Owl" gambling house, a place notorious in the south. It has an annual income estimated at \$250,000, which does not include the monthly \$20,000 paid the Cantu government for the concession. The place is aided greatly by the Mexican cotton pickers, who at present are earning \$6 and \$7 a day.

Maloney does not see much hope immediately for the establishment of the liquor industry in Mexico, owing to the difficulty of getting across the border. By the time one gets through answering all the questions he loses his thirst, says Maloney. The lid is bound to be lifted, he was informed by custom inspectors at Calexico, allowing some freedom of passing between the two countries, but it will never be the freedom of ante-bellum days. The city of Mexicali is a refuge for fugitives from justice of all shades. It is not the safest place in the world for anyone possessing valuables, according to Maloney. The town is full of men charged with crimes in this country, but who are as safe in Mexicali as they would be in Mexico City. Maloney cites a case of a notorious train robber wanted in this country. The man walked straight to the border, as if going to cross it. Within ten feet of it, he laughed at the border guard, turned on his heel and walked back into the city. "We have been waiting for that fellow for two years," the Federal officer stationed there told Maloney. "But he never comes far enough. Ten feet further would mean a possible lifetime in an American prison for him."

## SIERRA BEVERAGES

(Continued from Page 1)

The water used in the beverages passes through a filtering and distilling plant which was costly to install and operate, but which makes possible the guarantee that the product is free from bacteria or injurious mineral substances. The other elements in the compounds are syrups manufactured by a patented cold process from pure fruit juices and the finest quality of confectioners' A sugar. These syrups are manufactured in white enameled-ware tanks on the floor above the bottling machinery. They descend through pipes to the floor below where they are automatically fed into the bottles which then receive the distilled water and are passed on by a revolving belt to the capping machine and the labeler and on to the point of delivery, the trolley carrying them to an adjacent room where they are crated.

With the new equipment they now possess Messrs. Henry and Browne are now manufacturing some new fruit drinks which are delicious, viz., orange, grape and cherry punch, which are bound to have a big sale now that intoxicating drinks are taboo.

They promise that in the course of about two weeks they will be in position to have a formal "opening" of the new factory when they will be glad to entertain the public and give an interesting demonstration of their manufacturing process.

Their new quarters, besides affording nearly four times the ground space they had on Broadway, give them room above stairs for pleasant offices, salesrooms, stock and storage rooms.

## HONOR DEAD FRATER

(Continued from Page 1)

cant of the flowers he scattered while he was with us.

"During my term of office as Commander last year Sir Knight Kimberly was chairman of our Visiting and Sick Committee, and the whole while up to the time he had to leave for the east on account of his own impaired health, he was constant and faithful in the performance of his duties.

"The moment he learned of a sick frater he carried flowers and a message of comradeship and cheer to that home and offered himself and his automobile as often as needed to provide an airing for the convalescent. In bidding him good-bye when he went east, I told him how much the members of the Commandery appreciated his splendid service. How well I remember his reply. He said: 'It has been a pleasure for me and I'll take it up again on my return.'

"Sir Knight Kimberly, you did not return as we hoped for, but we confidently believe that somehow in God's mysterious plan, you are still with us and of us in a spiritual sense.

"Personally, I believe that the moment you closed your eyes to this mortal period of your existence, that they were opened to a greater consciousness—a broader vision—one perhaps that has for its scope all there is to know of eternity.

"We must admit that this life is a struggle for something that always seems a little way ahead. We are filled with aspirations and hopes that keep us plodding along from the cradle to the grave. With most of us it is effort after effort for supremacy of one kind or another and if we can finish the course—winning or failing—without having done injustice to our fellowmen; if along with our own selfish desires and accomplishment, we have stopped by the wayside as Sir Knight Kimberly did to lend a helping hand to others—then we may rightfully claim to have practiced the Christian virtues and exemplified the teachings of Masonry.

"It requires no imagination for me to say to you, Brother Kimberly, whether or not you can hear me, and I believe you can, that we knew you as a man unselfish of your time and purse in a Brother's cause.

"Always considerate as a friend—faithful and courteous as a Knight of the Temple.

"We hope and pray that sometime, somewhere, we may gather again with you at the Altar, in the presence of the Grand Commander of the Universe, and dwell forever in realms of life and light eternal."

The service was supplemented by two vocal solos, "Abide With Me," and "Lead Kindly Light," sung by Mrs. C. D. Hellyer.

At the conclusion of the service in the Commandery an opportunity was given the friends to take their last look at the dead and then the body was conveyed to Forest Lawn Memorial Park, where the final Knights Templar rites took place in the Little Church of the Flowers, the remains being placed in a vault to await commitment to a mausoleum.

Polling Place—Wilson Avenue School.

Inspector—Joseph E. Henderson.

Judges—Lydia B. Kulp, Mary E. Jepson.

## RUSSIA'S DEFAULT IN PAYMENT OF WAR LOAN

The \$50,000,000 Russian war loan which has matured, and on which payment was defaulted, as had been expected, does not by any means constitute the sum of Russian indebtedness in this country. There is another \$25,000,000 loan at five and a half per cent which matures in December, 1921, and there also is a considerable holding of Russian rentes, floated abroad, which have found their way into this country, while the United States government includes in its foreign loans and credits a charge of approximately \$200,000,000, against the Russian government for funds advanced on account of the purchase of supplies, for which these other loans were also used.

The interest has been paid regularly on the two war loans, the coupons on the \$25,000,000 loan having been cashed as recently as June 1, it being explained that even though for a time the Russian government, as distinguished from the Bolshevik regime, existed barely in name and was minus a treasury, the balance of funds to the credit of its representative commission in this country and the proceeds from the sale of supplies delivered but not shipped, were sufficient to meet its interest commitments.

Payment, save by renewal, most likely is remote and certainly is dependent on many contingencies in the struggle against Bolshevism, but the friends of Russia declare that it is not a final default and assurance is given by the representative of the Kolchak government that it proposes to assume responsibility for the external loans of its predecessor.

Apparently Russia is not without hope in the midst of chaos, and its situation might be compared to that of an enterprise of intrinsic worth, on the rocks because of poor management, but possessed of unquestioned assets, and needing chiefly a friendly receivership to set it on its feet and conserve its resources.—Philadelphia Bulletin.

## A GOOD ANNEXATION JOKE

After several attempts Los Angeles City finally got a portion of Culver City annexed as a part of her territory. Sixteen promises were made by friends of annexation prior to the election and none of the promises have been kept. The real joke, however, comes from the fact that the non-annexed portion of the city aids in keeping up the streets of the annexed part. The expenditures are made through the Culver City Chamber of Commerce.

## "More Satisfactory for Heavily Laden Trucks"

To appreciate this from the Union Lime Co., 600 Atlantic St., Los Angeles, in speaking of Goodrich De Luxe Truck Tires, one should visualize the loads borne by its trucks.

Lime is a "dead weight" load. The truck gets a double shock every time it strikes a rut or "chuck hole"—one from the jolt itself and another from the load. The second blow—that from the load—catches the tire before the rubber has contracted and, unless the tire has unusual resilience, ruptures it.

Only De Luxe Tires have the "give" plus the stamina and toughness to withstand this pounding. So the Union Lime Company found after trying all types and makes.

Let De Luxe solve your haulage problems.
